Examinees are encouraged to use a familiar calculator, but all problems may be solved without a calculator. Calculators may only be used on the mathematics test, including ACT WorkKeys Applied Math. Sharing calculators during the test is not permitted.

Accessible calculators (such as audio/“talking” or Braille) are allowed if authorized in advance of testing by ACT for the ACT and by the test coordinator for all other products.

Examinees are responsible for:

- y Bringing—and using—a permitted calculator
- y Making sure their calculator works properly and has new batteries, if battery-operated
- y Knowing whether their calculator is permitted (for the most current information on the calculator policy, visit www.act.org/calculator-policy.html or call 800.498.6481 for a recorded message containing highlights from this policy)
- y Bringing a backup calculator and/or extra batteries, if they wish, in case their primary calculator fails

Testing staff is responsible for:

- y Monitoring during the test to ensure examinees are using only permitted calculators
- y Dismissing any examinee found to be using a prohibited calculator during testing

The following types of calculators are prohibited:
